Project Name	A Gesture-based Tool for Sterile Browsing of Radiology Images

HEAR

Amazing work!-friends

I'm so proud of you friends

What tech stack did you use?

How much money do you think this will make year

THINKS

More data set needed

It can reduce man's power

Is this really helpful in real world

Data collection for training and testing

USER

SAY

It is ready to use

ilt work's effectively

Helpful for doctors and handicaps

users friendly

DO

What accuracy the reult will be?

Intuitive to use,high strelity

Do more research

How it fast it works?

PAIN

Loss in cocentration

Lack of trust in sysytem

Studying everthing is difficult

GAIN

Patient satisification

Time efficient

Advanced Technology
